

## GUARANTEE FUND GOOD

**Scheme of Boards of Trade in Other Cities Works Out Well**

## LANDS MANY INDUSTRIES

The Washington Reporter states that the secretary of the Washington board of Trade while industrial agent of the B. & O. railroad, visited Williamsport to make a general study of the development plan, and in September of this year, after the guarantee fund plan had been adopted to promote the industrial development of the county seat, he made another visit to Williamsport and several other eastern cities to make a special study of the benefits of this plan. Williamsport and Easton furnish the general illustrations.

Williamsport in 1887 had thirty-two saw mills and was considered one of the most important lumber centers in the country. The flood that devastated Johnstown also swept away millions upon millions of logs from the Williamsport mills down the Susquehanna into the Chesapeake Bay and on into the Atlantic ocean. Williamsport then began gradually to lose its planing mills, sash and door plants, and other institutions that had naturally sprung up, and by 1903 thirty-one of the thirty-two saw mills, besides other industries, were gone.

In 1900 the business men of that city foresaw this calamity and as a crowning man grasps at a straw they sought some plan to save themselves and the guarantee fund was evolved. Besides using this plan as a nucleus to assist in the location of factories, they "capitalized" the plan as a matter of advertising and it is conceded that Williamsport is the best known and best advertised city of its size in the United States. Mr. Larabee, the present secretary, advises that delegations from more than thirty cities, including some as far west as Iowa have come to investigate their plan and he has been invited to address many boards of trade and kindred organizations and more than sixty cities have copied their guarantee fund plan.

And what has Williamsport done besides advertising? Briefly, the first fund was \$215,000 raised in 1900 upon a five-year contract; the second raised in 1905, was \$461,000 upon a similar contract, many individual subscribers doubling their subscriptions. The third raised in 1910, under another five-year contract is \$500,000, and some of the same subscribers increased their subscriptions to three times the original amount showing what they think of the value and business like method of this plan. From 1900 to 1910, Williamsport located thirty-two industries representing an investment of \$1,006,000 of home capital and \$1,434,000 of outside capital, making a total of two and one-half million. While Mr. Larabee admits some loss, which he stated has not been over five per cent he advises that these losses were due entirely to loans made to assist home industries and not one dollar has ever been lost on any new plant, either in money or loan invested.

## SPELLING BEE WILL BE HELD

**Bentleyville Educators Arranging for Event Friday Evening**

It has remained for Bentleyville, rapidly becoming one of the most up-to-date towns in Washington county, to resurrect the old fashioned "spellin' bee." On Friday evening of this week a war will be waged among the best spellers of the schools of Marianna, Ellsworth, Bentleyville and Somerset townships. Teams of twenty from each district will participate.

As in the good old fashioned days people will drive from miles around to witness and hear the contest. Great interest and no little amount of rivalry has been aroused by announcement of the forthcoming affair. Medals will be given to the champion spellers and a large silver loving cup will be given to the district taking first honors.

Judges appointed for the contest are Dr. Walter Mitchell, of Bentleyville, chairman; Mrs. A. T. Harris, of Bentleyville and Rev. Mr. Gilmore of Somerset township, will pronounce the words. The affair will be given under the supervision of the different school faculties.

## TWO MEN VICTIMS

**Unknown Foreigners Struck by Train and Killed**

Walking on the railroad track near Allenport two unknown foreigners were struck by northbound passenger train No. 107, due in Charleroi at 5:41 Tuesday evening and both instantly killed. They stepped from in front of an oncoming freight in the path of the rapid-going passenger express.

Their bodies were taken to the undertaking rooms of Scurfield and Hodgins at Monongahela, where in spite of all efforts they remain unidentified. One of the men had a fractured skull and numerous other injuries, but his body was not badly mangled. The other man had a hole in his skull from which blood was oozing when he was picked up. Like his companion he was somewhat bruised and it is stated some bones were broken, but he was not badly mangled.

This morning Deputy Coroner Scurfield at the instance of Coroner James T. Heffran, who was notified last night made a trip up the river to locate friends of the two men to identify them. He found no one. There were no papers on either by which identification could be made.

## TIGHTS AND HIGH KICKING MUST GO

Indecent burlesque shows will have a hard row to hoe in Fayette county if action taken by the Ministerial association of Connellsville gives an indication of what is to happen. Both District Attorney Henderson and Burgess R. S. McCrum have been requested to prevent the performance of the "Champagne Belles" at Connellsville.

The last Legislature passed the McNichol act which prohibits indecent performances and the ministers claim the "Champagne Belles" and similar burlesque troops are in that category. The ministers claim the advertising and press matter is both suggestive and indecent, and that to permit the performance would be a blow at public morals.

Since the ministers of Connellsville were successful in suppressing the Beulah Binford pictures it is indicated that they will take additional steps to purge the theatre of indecency and immoral performances.

## PREPARING FOR LICENSE COURT

Within two weeks applications will be coming in for liquor license in the county. License court will be held the week of February 5. In preparation for the filing of applications liquor men have been busy with their attorneys and already there are heard rumors as to the probable extent of the liquor license applications.

The last day for filing applications will be Monday, January 1, at 5 o'clock. The first day of the new year will doubtless witness the usual rush, in filing license applications.

Temperance workers in the county are lining up their forces. Attorney Harry F. Moore will again represent the Anti-Saloon league and Attorney Harry D. Hamilton will appear for the Jerome Plummer Temperance fund.

Judge McIlvaine will hold the license court. It is rumored that the breweries which have been operating in the county who last year and the year before withdrew their applications will apply for licenses this year. It is stated that a number of new applications are to be filed this year. So far as can be learned now there will be no additional applicants for license in Charleroi.

## WEARIES NUMEROUS

**Doleful Pedestrians Migrating From Town to Town**

Wearied pedestrians, representing themselves the victims of fate and a hard world, with many days' growth of beard covering unwashed countenances are numerous in the Monongahela valley now. Police in the various towns are kept busy looking after these characters who apparently have been trying to get into jail, but thus far have missed their calling.

This morning when the roll was called at the police station five of the class of beings who neither toll nor spin answered. Every man-jack of them with a doleful shaking of the head pronounced business bad and with a sigh added that for these long weeks they had been hunting work. The disease seems chronic.

It is a common occurrence in the fall and winter for the police to have to care for these travel-stained soldiers of fortune. Wednesday morning three were chased from Charleroi, and the five this morning were hustled along the same way. Thus they are kept migrating.

As a special feature of the winter term closing day Friday, literary programs will be rendered throughout the schools by the pupils, and the day will be regarded as a special visiting day for parents and patrons. Recitations will be spoken, songs sung and exercises given.

The program will begin at 2 o'clock. The close of school Friday will mark the end of the first term of school. Pupils will be credited according to the work they have done, which in a way will mean promotions for them. School will reopen on January 2 after the annual mid-winter vacation.

## INVESTIGATING THE ENGINEER

**Committee Probing Charges at Monongahela—Will Report Soon**

It is stated that Monongahela is in a municipal turmoil on account of charges of graft having been officially made against City Engineer Hanlon. Hanlon was employed by the city at \$6.00 a day to do the work but at investigation it came out, it is stated, that he had employed and hired to the city three men through whose services he made an additional profit of \$46.62 for the months of September, October and November.

The engineer was present at the investigation one night this week and as a matter of defense he stated that he was entitled to a profit off his men for the reason that he furnished his own supplies such as chains, pencils, paper, tools and scrap books. The committee will report its findings at the next regular meeting of council.

It is understood that taxpayers down in Monongahela are somewhat dissatisfied with the city expenditures and that a movement is now on to clean house.

## ANOTHER TEAM FOR WASHINGTON

Manager Davis of the Washington basketball club which has lost 17 games and won none, like Mark Twain after he had been tossed from the back of a donkey a score or more of times has begun to think things are growing monotonous. Consequently Davis is planning the second wholesale change this season by signing the Herkimer team of New York. The team will come intact but will have to make a slight change to let Brady, the Washington captain pursue his regular vocation as guard. The Herkimer team is declared to be a winner. It is strongly recommended by the Herkimers themselves and Fogarty, of Johnstown has said they are good.

## RUSH IS STARTING

**Christmas Shoppers Now Realize Time Left is Brief**

## INDUSTRIES TO PAY MEN

With eight shopping days left until Christmas, the business of holiday buying is opening up in earnest. The time for early shopping is practically gone and those who took advantage of the suggestions to do their buying early are now rejoicing. Others are in the midst of their worries. Mines and factories in this district will disburse both this week and the following week. On Saturday the business shopping period of the year will begin.

Practically all the coal mines with large pays have arranged as usual for making the Christmas pay a little earlier than usual. At local plants there will be no change. The Macbeth-Evans glass factory pays weekly, and the Imperial Glass factory semi-weekly. Last week the Imperial plant paid and its next pay will be Saturday, December 23, two days before Christmas. The Hussy-Binns Shovel plant has been paying every two weeks on the Saturdays following the 15th and the 30th.

Many of the stores are offering excellent Christmas novelties in their advertisements, bearing out their statements by shop windows displays. More beautiful than ever are these displays, the windows of the stores being filled with innumerable gift suggestions.

## BLACK DIAMOND OUT FOR FEENEY

We, the miners of Black Diamond, Local Union No. 235, in regular session assembled, take great pleasure in presenting the name of Brother William Feeney to the voters of Washington county, as a candidate for the Legislature at the coming spring primaries, and as a token of appreciation for the honest manner in which he fought for the cause of labor, we request him to allow his name to come before the voters of this county for re-election. We have known Brother William Feeney for many years and feel that in justice to the working class Brother Feeney should be given another term in the Legislature. Signed in behalf of L. U. No. 235.

**THE SPELLING BEE.**  
Out at Bentleyville the old-fashion-  
ed spelling bee has been revived. A  
contest has been arranged between  
picked teams from four school dis-  
tricts, and medals will be given to in-  
dividual champion spellers as well as  
a silver loving cup to the winning dis-  
trict. The movement has attracted  
much community interest, and the  
match is arranged for Friday night of  
this week.

In the absence of the frills and fads  
of higher education in old times the  
spelling match was much in vogue.  
It was the custom in most schools  
to "spell down" at least once a week,  
a contest in which all pupils, big and  
little were privileged to take part.  
This was supplemented with matches  
between other school districts and the  
contests were as keen and the rival-  
ry as intense as are the high school  
football matches at the present time.  
Some noted spellers were developed,  
and the effect was beneficial all around.  
A revival of this old-time practice  
would not come amiss in any school  
district at the present time.

**PICKED UP IN PASSING**

"If I had any local advertising to  
do I would use the newspapers in-  
stead of passing bills or circulars  
around," said a Charleroi resident  
a day or two ago. "Coming up the  
street today I noticed an undue  
amount of advertising bills lying on  
the walks and in the gutters, as well  
as in the dooryards of residences.  
Happening to notice one particular  
bill, I counted 23 of the same lot for  
one firm in four squares. This was  
only on one side of the street, too, as  
I could see lots of stuff on the other  
side.

## CAUSES MUCH DISEASE

### Advice About Stomach Troubles and How to Relieve Them

Do not neglect indigestion which many lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. ## GUARANTEE FUND GOOD

Scheme of Boards of Trade in Other Cities Works Out Well

## ANDS MANY INDUSTRIES

The Washington Reporter states that the secretary of the Washington board of Trade while industrial agent of the B. & O. railroad, visited Williamsport to make a general study of the development plan, and in September of this year, after the guarantee fund plan had been adopted to promote the industrial development of the county seat, he made another visit to Williamsport and several other eastern cities to make a special study of the benefits of this plan. Williamsport and Easton furnish the general illustrations.

Williamsport in 1887 had thirty-two saw mills and was considered one of the most important lumber centers in the country. The flood that devastated Johnstown also swept away millions upon millions of logs from the Williamsport mills down the Susquehanna into the Chesapeake Bay and on into the Atlantic ocean. Williamsport then began gradually to lose its planing mills, sash and door plants, and other institutions that had naturally sprung up, and by 1903 thirty-one of the thirty-two saw mills, besides other industries, were gone.

In 1900 the business men of that city foresaw this calamity and as a crowning man grasps at a straw they sought some plan to save themselves and the guarantee fund was evolved. Besides using this plan as a nucleus to assist in the location of factories, they "capitalized" the plan as a matter of advertising and it is conceded that Williamsport is the best known and best advertised city of its size in the United States. Mr. Larabee, the present secretary, advises that delegations from more than thirty cities, including some as far west as Iowa have come to investigate their plan and he has been invited to address many boards of trade and kindred organizations and more than sixty cities have copied their guarantee fund plan.

And what has Williamsport done besides advertising? Briefly, the first fund was \$215,000 raised in 1900 upon a five-year contract; the second raised in 1905, was \$461,000 upon a similar contract, many individual subscribers doubling their subscriptions. The third raised in 1910, under another five-year contract is \$500,000, and some of the same subscribers increased their subscriptions to three times the original amount showing what they think of the value and business-like method of this plan. From 1900 to 1910, Williamsport located thirty-two industries representing an investment of \$1,006,000 of home capital and \$1,434,000 of outside capital, making a total of two and one-half million. While Mr. Larabee admits some loss, which he stated has not been over five per cent he advises that these losses were due entirely to loans made to assist home industries and not one dollar has ever been lost on any new plant, either in money or loan invested.

## SPELLING BEE WILL BE HELD

Bentleyville Educators Arranging for Event Friday Evening

It has remained for Bentleyville, rapidly becoming one of the most up-to-date towns in Washington county, to resurrect the old fashioned "spellin' bee." On Friday evening of this week a war will be waged among the best spellers of the schools of Marianna, Ellsworth, Bentleyville and Somerset townships. Teams of twenty from each district will participate.

As in the good old fashioned days people will drive from miles around to witness and hear the contest. Great interest and no little amount of rivalry has been aroused by announcement of the forthcoming affair. Medals will be given to the champion spellers and a large silver loving cup will be given to the district taking first honors.

Judges appointed for the contest are Dr. Walter Mitchell, of Bentleyville, chairman; Mrs. A. T. Harris, of Bentleyville and Rev. Mr. Gilmore of Somerset township, will pronounce the words. The affair will be given under the supervision of the different school faculties.

## TWO MEN VICTIMS

Unknown Foreigners Struck by Train and Killed

Walking on the railroad track near Allentown two unknown foreigners were struck by northbound passenger train No. 167, due in Charleroi at 5:41 Tuesday evening and both instantly killed. They stepped from in front of an oncoming freight on the path of the north-bound passenger express.

Their bodies were taken to the undertaking rooms of Scurfield and Hodgins at Monongahela, where in spite of all efforts they remain unidentified. One of the men had a fractured skull and numerous other injuries, but his body was not badly mangled. The other man had a hole in his skull from which blood was oozing when he was picked up. Like his companion he was somewhat bruised and it is stated some bones were broken, but he was not badly mangled.

This morning Deputy Coroner Scurfield at the instance of Coroner James T. Heffran, who was notified last night made a trip up the river to locate friends of the two men to identify them. He found no one. There were no papers on either by which identification could be made.

## TIGHTS AND HIGH KICKING MUST GO

Indecent burlesque shows will have a hard row to hoe in Fayette county if action taken by the Ministerial association of Connellsville gives an indication of what is to happen. Both District Attorney Henderson and Burgess R. S. McCrum have been requested to prevent the performance of the "Champagne Belles" at Connellsville.

The last Legislature passed the McNichol act which prohibits indecent performances and the ministers claim the "Champagne Belles" and similar burlesque troops are in that category. The ministers claim the advertising and press matter is both suggestive and indecent, and that to permit the performance would be a blow at public morals.

Since the ministers of Connellsville were successful in suppressing the Beulah Binford pictures it is indicated that they will take additional steps to purge the theatre of indecency and immoral performances.

## PREPARING FOR LICENSE COURT

Within two weeks applications will be coming in for liquor license in the county. License court will be held the week of February 5. In preparation for the filing of applications liquor men have been busy with their attorneys and already there are heard rumors as to the probable extent of the liquor license applications.

The last day for filing applications will be Monday, January 1, at 5 o'clock. The first day of the new year will doubtless witness the usual rush, in filing license applications.

Temperance workers in the county are lining up their forces. Attorney Harry F. Moore will again represent the Anti-Saloon league and Attorney Harry D. Hamilton will appear for the Jerome Plummer Temperance fund.

Judge McIlvaine will hold the license court. It is rumored that the breweries which have been operating in the county who last year and the year before withdrew their applications will apply for licenses this year.

It is stated that a number of new applications are to be filed this year. So far as can be learned now there will be no additional applicants for license in Charleroi.

## WEARIES NUMEROUS

Doleful Pedestrians Migrating From Town to Town

Wearied pedestrians, representing themselves the victims of fate and a hard world, with many days' growth of beard covering unwashed countenances are numerous in the Monongahela valley now. Police in the various towns are kept busy looking after these characters who apparently have been trying to get into jail, but thus far have missed their calling.

This morning when the roll was called at the police station five of the class of beings who neither toil nor spin answered. Every man-jack of them with a doleful shaking of the head pronounced business bad and with a sigh added that for these long weeks they had been hunting work. The disease seems chronic.

It is a common occurrence in the fall and winter for the police to have to care for these travel-stained soldiers of fortune. Wednesday morning three were chased from Charleroi and the five this morning were hustled along the same way. Thus they are kept migrating.

## INVESTIGATING THE ENGINEER

Committee Probing Charges at Monongahela--Will Report Soon

It is stated that Monongahela is in a municipal turmoil on account of charges of graft having been officially made against City Engineer Hanlon. Hanlon was employed by the city at \$6.00 a day to do the work but at investigation it came out, it is stated, that he had employed and hired to the city three men through whose services he made an additional profit of \$46.62 for the months of September, October and November.

The engineer was present at the investigation one night this week and as a matter of defense he stated that he was entitled to a profit off his men for the reason that he furnished his own supplies such as chains, pencils, paper, tools and scrap books. The committee will report its findings at the next regular meeting of council.

It is understood that taxpayers down in Monongahela are somewhat dissatisfied with the city expenditures and that a movement is now on to clean house.

## ANOTHER TEAM FOR WASHINGTON

Manager Davis of the Washington basketball club which has lost 17 games and won none, like Mark Twain after he had been tossed from the back of a donkey a score or more of times has begun to think things are growing monotonous. Consequently Davis is planning the second wholesale change this season by signing the Herkimer team of New York. The team will come intact but will have to make a slight change to let Brady, the Washington captain pursue his regular vocation as guard. The Herkimer team is declared to be a winner. It is strongly recommended by the Herkimers themselves and Fogarty, of Johnstown has said they are good.

## RUSH IS STARTING

Christmas Shoppers Now Realize Time Left is Brief

## INDUSTRIES TO PAY MEN

With eight shopping days left until Christmas, the business of holiday buying is opening up in earnest. The time for early shopping is practically gone and those who took advantage of the suggestions to do their buying early are now rejoicing. Others are in the midst of their worries. Mines and factories in this district will disburse both this week and the following week. On Saturday the business shopping period of the year will begin.

Practically all the coal mines with large pays have arranged as usual for making the Christmas pay a little earlier than usual. At local plants there will be no change. The Macbeth-Evans glass factory pays weekly, and the Imperial Glass factory semi-weekly. Last week the Imperial plant paid and its next pay will be Saturday, December 23, two days before Christmas. The Hussy-Binns Shovel plant has been paying every two weeks on the Saturdays following the 15th and the 30th.

Many of the stores are offering excellent Christmas novelties in their advertisements, bearing out their statements by shop windows displays. More beautiful than ever are these displays, the windows of the stores being filled with innumerable gift suggestions.

## BLACK DIAMOND OUT FOR FEENEY

We, the miners of Black Diamond, Local Union No. 235, in regular session assembled, take great pleasure in presenting the name of Brother William Feeney to the voters of Washington county, as a candidate for the Legislature at the coming spring primaries, and as a token of appreciation for the honest manner in which he fought for the cause of labor, we request him to allow his name to come before the voters of this county for re-election. We have known Brother William Feeney for many years and feel that in justice to the working class Brother Feeney should be given another term in the Legislature. Signed in behalf of L. U. No. 235.

## THE SPELLING BEE.

Out at Bentleyville the old-fashion-  
ed spelling bee has been revived. A  
contest has been arranged between  
picked teams from four school dis-  
tricts, and medals will be given to in-  
dividual champion spellers as well as  
a silver loving cup to the winning dis-  
trict. The movement has attracted  
much community interest, and the  
match is arranged for Friday night of  
this week.

In the absence of the fills and fads  
of magnet education in our times a  
spelling match was much in vogue.  
It was the custom in most schools  
to "spell down" at least once a week,  
a contest in which all pupils, big and  
little were privileged to take part.  
This was supplemented with match-  
es between other school districts and the  
contests were as keen and the rival-  
ry as intense as are the high school  
football matches at the present time.  
Some noted spellers were developed,  
and the effect was beneficial all around.  
A revival of this old-time practice  
would not come amiss in any school  
district at the present time.

"Xmas" for "Christmas" has duly  
arrived and put up its tent.

## PICKED UP IN PASSING

"If I had any local advertising to  
do I would use the newspapers in-  
stead of passing bills or circulars  
around," said a Charleroi resident  
a day or two ago. "Coming up the  
street today I noticed an undue  
amount of advertising bills lying on  
the walks and in the gutters, as well  
as in the doorways of residences.  
Happening to notice one particular  
bill, I counted 23 of the same lot for  
one firm in four squares. This was  
only on one side of the street, too, as  
I could see lots of bills on the other

## AMONG THE PASSERS

Washington lost again as decreed by fate to the Johnstown aggregation Wednesday night. It wasn't a bad contest in the second half and one Kunkle and one Brady made their presence felt for the Georges.

President Leithead has promised he won't use Referee Meisel in any of the Southside games. Freund will probably reconsider his determination not to play any more games in the league.

Charleroi loafs again tonight and goes to Washington Friday night to play the Georges. Washington comes here Saturday.

Weitzel and Alton are favorites in the refereeing line here. Johnstown is closely crowding Uniontown for first place.

## CAUSES MUCH DISEASE

### Advice About Stomach Troubles and How to Relieve Them

Do not neglect indigestion which many lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember, you can obtain them at our store—The Rexall Store. Carroll's Drug Store, 623 Fallowfield avenue. Charleroi.

Perhaps the reason he has declined the honor of being a candidate for nomination is that he can't see his way clear under existing conditions to be what the leaders think constitutes "good" and can't feel certain of securing the nomination without their aid.
